

# CORIAN® QUARTZ 10-YEAR LIMITED COMMERCIAL WARRANTY

Effective March 1, 2020

This limited warranty applies to all Corian® Quartz, or Zodiac® branded product used in commercial projects or commercial applications.

DuPont warrants to the owner of the original installation of Corian® Quartz that Corian® Quartz products shall be free from materials defects arising from the manufacture of Corian® Quartz products for a period of ten (10) years from the date of purchase of your Corian® Quartz. **This is a product only warranty, not a fabrication and/or installation warranty.**

**DuPont makes no express or implied warranty, including, without limitation, the warranties of merchantability, fitness for a particular purpose (even if that purpose is known to DuPont), or from any course of dealing or trade usage regarding Corian® Quartz products.** DuPont shall assume no risk or liability for results obtained by the use of products covered by this warranty, whether used singly or in combination with other materials. The warranty does not cover products made by other suppliers or manufacturers, nor does it cover color, should you decide, during or after installation, that you do not like the color you or your designee selected. Furthermore, this warranty does not cover any damage to Corian® Quartz caused by improperly installed, used or maintained appliances which are either built into Corian® Quartz or placed or stored on Corian® Quartz.

The sole obligation and liability of DuPont under this warranty shall be to provide replacement product during the warranty period where DuPont or its service agent, determines that products contain materials defects arising from the manufacture of Corian® Quartz products. It may be determined, solely at the discretion of DuPont or its service agent, that a repair will be performed instead of replacement product. It is understood that DuPont has no obligation whatsoever to perform such repair, but may, at its option, elect to do so. In such event DuPont or its service agent will perform the necessary repair, including cost of labor in the actual performance of the repair of product. Any other costs associated with or arising out of the repair will be the responsibility of the owner. Except for the foregoing replacement or repair obligations, DuPont shall have no liability for any other loss, damage or expense, arising out of or in connection with Corian® Quartz or its installation. In no event shall DuPont be liable for special, indirect, incidental, punitive, consequential or any similar or other damages (including without limitation, damages for loss of business profits, business interruption or any other loss), whether or not caused by or resulting from the negligence of DuPont even if DuPont has been advised of the possibility of such damages.

In order for DuPont to respond under this warranty, the owner must give DuPont prompt notice of any alleged defects that appear or should have been discovered after the exercise of reasonable diligence. To qualify for repair or replacement, the owner must provide the original sales receipt or other documentation acceptable to DuPont to demonstrate proof of purchase within the warranty period. The owner must reasonably cooperate with DuPont or its service agents in their efforts to perform their obligations under this warranty. All decisions regarding the existence of manufacturing defects or decisions affecting this warranty shall be made by DuPont and shall be final and binding upon the parties.

This warranty does not cover damage caused by mishandling, misuse, damage from excessive heat or exposure to weather conditions, physical or chemical abuse, acts of nature, or as further set out below. Further, Corian® Quartz is not warranted for any direct outdoor installations, or exposure.

“**Physical, chemical or other abuse**” includes any use of the product that is unreasonable considering the normal and expected uses of such products, and includes, but is not limited to, damage from use of improper cleaning solutions, leaving substances, such as bleach or drain cleaner on the product without prompt cleaning, the dropping of heavy objects on surfaces or in sinks, excessive weight on the surface, or product which has not been maintained in accordance with the DuPont Commercial Cleaning Procedures for Corian® Quartz and the Caring for Corian® Quartz care instructions, which are available on [www.Corianquartz.com](http://www.Corianquartz.com).

“**Excessive heat**” means exposure to heat of such a degree that white marks, white rings or cracks appear on the product. Cracking around a cooktop, hot tray, heat lamp or buffet top may appear by permitting cookware that is on or partially on heating elements to overhang the countertop or other heat source to cause excessive heat on the countertop or from using high temperatures for excessively lengthy periods of time. Common sense should be exercised by using trivets when putting hot objects directly from a heat source onto the product or when exposing the product to heat.

“**Acts of nature**” include, but are not limited to, exposure to the outdoors, weather effects and fire.

In addition, DuPont shall not be responsible for any damage or injury caused in whole or in part by climate, job site condition, architectural and engineering design, structural movement, acts of vandalism, accident, war, or defective or improper workmanship by the fabricator or installer or any laborer, or any other damage or injury not solely and directly caused by defects in products covered by the warranty.

Furthermore, laws and building and safety codes governing the design, engineering and construction of installations vary widely. DuPont clearly sets out and identifies the performance parameters of Corian® Quartz in its literature and Technical Bulletins which are available on the website. Accordingly, DuPont assumes no responsibility or obligation with respect to the selection of product for the installation or the design, engineering and construction of the installation.

This warranty is issued to the original owner of the structure into which product was installed and expires upon transfer of ownership of the structure to a third party or removal of the Corian® Quartz installation to another location.

This is the only commercial product warranty made by DuPont for Corian® Quartz. No representative, dealer or any other person is authorized to make or makes any warranty, representation or promise on behalf of DuPont with respect to such products. No terms or conditions other than those stated herein, and no agreement or understanding, oral or written, in any way purporting to modify this warranty shall be binding upon DuPont unless made in writing and signed by and authorized employee of DuPont.

This warranty shall be interpreted exclusively under the laws of the State of Delaware.
